

TAXI CAB BUSINESS Supplemental Application

REQUIRED PERMITS AND LICENSES

All taxi cab businesses that pick-up or drop-off customers within the City limits of Redwood City are required to pay an annual Business Tax. Business Taxes are processed through the City's Revenue Services Division on the first floor of City Hall. Before a Business Tax can be issued for a new taxi cab business or renewed for an existing business, Planning Services will review the application and require the following additional information:

Name of Business: _____ Phone Number: _____

Business Owner: _____ Owner's Address: _____

California Driver's License: _____ # Drivers: _____ # Cabs: _____

Address of Dispatch Office: _____ Zoning District: _____

Address of Cab Parking Lot: _____ Zoning District: _____

Planning Services also requires proof of one of the following (please check one):

- ▶ **Valid Redwood City Address:** If the cab parking lot address is within the City limits of Redwood City, the Planner will check to see if taxi cab parking can be allowed at that location. Taxi cab parking can be permitted only on commercial or industrial zoned properties after first securing a **Use Permit** (public hearing required) and with the **written permission of the property owner**. Taxi cab parking is **not** permitted in residential zoning districts.

Redwood City Address: _____ Use Permit #: _____

Property Owner: _____ Owner's Address: _____

- ▶ **Valid Address Outside Redwood City:** If the cab parking lot is located outside the City limits of Redwood City, the applicant is required to submit **written confirmation** that the property is approved for taxi cab parking by the jurisdiction where the lot is located. The confirmation shall have a **letterhead or a stamp from the jurisdiction where the lot is located** (e.g. another City or a County Planning Division).

Please Note: This preliminary review process will take at least one week. Additional permit requirements (e.g. Use Permit) will extend the review period.
