Breakthrough Development Using the SmartCode

Featuring the “acclaimed CNU facilitator**”

Laura Hall

Founding Principal, Hall Alminana Inc., Santa Rosa, CA

Find out from one of the leading practitioners of the SmartCode how this form-based code template is breaking through stalled community planning processes and spurring the type of development that communities and developers together embrace. You will hear a brief history of the SmartCode; gain a general understanding of its technical aspects and how to calibrate it; and learn about successful local and national pioneering efforts. As Project Director for the Central Petaluma SmartCode, Ms. Hall helped guide the Petaluma community to the first adopted SmartCode in the nation in July 2003. Join us for an exciting discussion about this exciting yet pragmatic new planning tool!

Wednesday, October 3, 2007
6:00 – 7:45pm

Doors open at 5:30pm
Coffee and no-host bar available

Please note: The Forum will be held on the first
Wednesday of each month through May 2008.
