**Re:** New General Plan

---

At your last meeting on June 2, the Planning Commission reviewed the Introduction, Public Safety, and Natural Resource sections of the New General Plan. We are now moving forward and asking for your review and comment on draft copies of the Historic, Infrastructure and Economic Development Elements. Staff is requesting that you review the documents, hear public testimony, and provide us with your comments at the Planning Commission meeting on June 16.

These documents are a series of Chapters/Elements that will be provided to you over the next several months for discussion at various Planning Commission workshops. The tentative dates of these workshops are as follows:

|         |         |
|---------|---------|
| June 2  | July 7  |
| June 16 | July 21 |
| June 23 |         |

Additional dates to hold include: July 27, August 4, August 5 and August 11

Following your review of the documents, then staff/consultant team will package the entire New General Plan with the Environmental Impact Report for public review. Please feel free to contact me at 780-7237 if you have any questions. Thank you.
