

REPORT

To the Honorable City Council
From Mayor Barbara Pierce

April 24, 2006

Subject

City Council Overarching Guidelines

Recommendation

Confirm the continuation of the Overarching Guidelines of Community Building, Communication, Aesthetics, Creating Pedestrian-friendly Public Places, and Quality of Life.

Background

During the two previous priority setting sessions, Council discussed and set a variety of priorities. The specific topic of reviewing the overarching guidelines was not however, specifically, included in the process. Given the importance these guidelines have for the community, Council and staff, it seems important to take this opportunity to review the guidelines and approve or modify them with Council direction. The guidelines do not require specific expenditures but guide policy. These guidelines have been in place for the past few years.

Council Overarching Guidelines

- Community building
- Communication
- Aesthetics
