

# REPORT

To the Honorable Mayor and City Council  
From the City Manager

May 8, 2006

**Subject**  
Solid Waste and Recycling Services

To the Honorable Mayor and the City Council:

As requested by Council at the March 27, 2006 Council meeting, Bob Hilton from Hilton Farnkopf & Hobson, the firm engaged by the South Bayside Waste Management Authority (SBWMA) to lead the preparation of the request for proposal for solid waste and recycling services, will provide the Council with an overview of the process that the SBWMA has embarked upon obtaining competitive proposals for these services. Since the current franchise agreements between member entities and Allied Waste Industries expire on December 31, 2010, the SBWMA Board voted unanimously to initiate the process to obtain competitive proposals for solid waste collection and recycling services. The SBWMA, which contracts with Allied for the operating of the transfer station and recycling, has also decided to obtain competitive proposals for the operation of these facilities as the existing contracts also expire on December 31, 2010.

Mr. Hilton will provide an overview of the proposed competitive process and actions that have taken place to date. This will be one of several updates the Council will receive throughout the process and will provide Council Members an opportunity to express their comments and concerns.
