Age 3-5

Research shows that total immersion is the best way for children to develop a long lasting foundation in the Spanish language. 90% of instruction will be in Spanish and 10% in English. The classes are designed to spark and maintain children's interest in Spanish by engaging them in creative and enjoyable cultural activities such as dancing, singing, literature, art and games. Through immersion, children will learn the Spanish language naturally and easily as they master basic pre-school skills.

Children must be toilet trained and developmentally ready to be separated from their parents. Please be prepared to bring snacks for the class 1-2 times per session.
