FREE AGENT SPORTS LISTS

Are you looking to play on a Softball, Volleyball, or Basketball team, but do not have a team to play on? If so, this year we have added a new "FREE AGENT FORM". We do not place individuals on specific teams, but will provide a place where teams can go to find additional players for their teams, should they need people.

Free Agent Forms can be downloaded at :
www.quickscores.com/redwoodcity

You will be required to complete the entire form, including what sport you would like to play, age, level of ability, positions you play, and a current photo of you. The form will be kept on file in the Sports Commissioner's office, and only be used as a guide for Team Managers. If you have been placed on an old Free Agent list in the past, you must complete the new form for 2009. Incomplete forms will not be processed. Another way to find a team is to go to the games directly, and ask the managers. We'll do our best to find a team for you to play on.
