9:00 AM

1. 2055 Woodside Road (Clearwire)

Application of Clearwire for a Use Permit to allow a wireless telecommunication facility on the roof-top of an existing two-story professional office building. The proposed project involves the installation and integration of three (3) panel antennas and four (4) microwave dishes mounted behind a fiber reinforced plastic (FRP) screen wall placed on the rooftop. Additionally, one (1) equipment cabinet will also be placed on the roof top behind the screen wall. The property is located on the northeast corner of Alameda De Las Pulgas and Woodside Road comprised of approximately 73,278 square feet. The project site is located within the Professional Office (PO) District.

Project Planner: Christopher Rogers, x5939
