De Minimis Impact Finding

Project Title/Location (include county):

Redwood City Recycled Water Project  
Redwood City, San Mateo County

Project Description:

Infrastructure facilities (pipelines, pump station, storage reservoir) to deliver recycled water from the South Bayside System Authority wastewater treatment plant for landscape irrigation and other nonpotable uses.

Findings of Exemption (attach as necessary):

The City has prepared an Initial Study to evaluate the potential for adverse environmental impacts. The City Council has found that the Project, as mitigated, will not have any significant environmental impacts, that the use of recycled water for landscape irrigation is environmentally responsible, and that there is no evidence before the City that the Project will have potential for adverse effect, either individually or cumulatively, on wildlife.

Certification:

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.
