Redwood City Recycled Water Project — Seaport Area

May 2008

Seaport Area Pipeline Construction Update

Seaport Boulevard from Blomquist Street to Chesapeake Drive

The contractor will begin pipeline trenching and installation activities on Seaport Boulevard starting at Blomquist Street and heading northeast toward Chesapeake Drive. Work will start May 14 and access will be maintained in both directions throughout the duration of the project. Construction hours will be from 6 PM – 5 AM Monday through Friday, including Friday night. This activity is estimated to take four to five weeks, including trenching, pipe installation, testing and final

paving. Please contact our offices if you have any questions regarding these activities at (650) 743-5759.

Blomquist Street, Maple Street and East Bayshore Road

A contract for the next phase of pipeline installation has been awarded and work is expected to start in mid-June. Trenching and pipeline installation work will take place on East Bayshore Road, Maple Street and Blomquist Street. Hours of construction will be announced as soon as they are available.
