

# Docktown Marina Update

August 2016

The City is focused on ensuring a smooth transition for all Docktown community members. The City has hired a relocation expert -- Overland, Pacific and Cutler -- to conduct appraisals and help evaluate relocation options with individual Docktown community members.

The City has invited community members to provide comments at any time at [docktown@redwoodcity.org](mailto:docktown@redwoodcity.org). Overland, Pacific and Cutler representatives will meet with each member of the Docktown community in early September to understand their needs. This will inform the development of the draft Docktown Plan, which is expected to be released in mid-November; feedback on the draft Plan will be sought both through individual meetings and a community meeting. Following the community meeting, the City Council will consider the feedback received on the draft Plan and will discuss it during an open, publicly noticed City Council meeting in December. A Docktown Plan must be adopted by the end of 2016.

The process of implementing the Plan will begin in early 2017. City officials expect that implementing the Plan will take some time, and the City's goal is to provide community members with a reasonable time frame to transition.
