

## **DOCKTOWN MARINA**

### **February 27, 2018 Update**

The City remains committed to helping people who need to move from Docketown Marina. Some tenants are exploring moves to the Municipal Marina, which began accepting applications in February 2018, and some tenants are still working with the City's relocation consultants, Overland, Pacific and Cutler (OPC), to find new housing.

As of February 27, liveaboard agreements for most tenants will be valid for another 60 days. In addition, specific tenants are being allowed to stay through June 30 to allow school-age children to complete the school year.
