

## VETERANS MEMORIAL SENIOR CENTER – YMCA TRAFFIC WORKSHOP #1

We want to thank the over 50 neighbors and residents who showed up over the two walking sessions in cold weather. The City, ELS Architecture, and Dan Burden of BlueZones kicked off the Traffic/Parking specific meeting. The participants spoke about their observations, identified “hot spots” on Valota, Madison and surrounding streets, and had a walking tour for further discussion and observations.

The next two meetings will focus on what has been identified, and to delve into planning solution tools and options.

These will take place at the Veterans Memorial Senior Center starting at 6:00 p.m. on:

- Thursday, March 22
- Thursday, April 26

Following the traffic related workshops, outcomes from both the design planning and traffic planning efforts will be discussed at City Council meetings in March and May. The next step in the process is to make a presentation to City Council at the March 12 meeting that will focus on an update on the project, what we have heard from the public and stakeholders to date, and receive direction on the conceptual plan.
