Betty’s Apple Ambrosia

Ingredients

- 1 cup orange juice with lots of pulp, or more as needed
- 3 ripe, sweet apples, such as Red Delicious
- One 8-oz can crushed pineapple
- ½ cup frozen grated coconut, thawed
- ¼ cup sugar

Instructions

1. Pour the orange juice into a medium bowl.
2. Peel and core the apples, and then grate them into the orange juice using the large-hole side of the grater.
3. Add pineapple, coconut, and sugar.
4. Mix well, adding more orange juice if the mixture is not juicy enough. Store in the refrigerator until ready to serve. The apples will continue to absorb juice. Orange juice can be added as needed to keep it as juicy as you like.
