Charles,

I have researched my records and HELP, I didn't attend *any* workshops during this time period! I had to postpone my participation in the workshop in San Francisco last December, due to poor health. I called and asked to reschedule with CPF and they said that there was no problem, and to call back in January when I found another suitable opportunity. Well, I just dang forgot about it! It seems the city should still have credit for this missed meeting with CPF; you might want to look into this.

It has for sometime now been difficult for me to meet my obligations to the committee. I need to step away from the HRAC as my health has not improved, but is continually headed in the wrong direction. It is with much regret that I feel I must resign my position on the committee effective today, April 22, 2011. It has been a wonderful experience to participate on this committee in our ongoing work in preserving our city's historic attributes. Also, it has been wonderful to work with you and your assistants these past 9 years. It is my hope that the committee will be blessed with a new member who can take over where I left off (more on this later), and will strive to move forward in promoting and protecting the historic integrity and heritage of Redwood City!

Thank you also to the Planning Commission, for offering me this opportunity to serve. I will cherish it always!

Sincerely,  
 Julia Pellizzer

P.S. I wish to remain as active as possible with the committee, therefore I am requesting the committee grant me Emeritus status at their next regularly scheduled meeting. Thank you.

HELP!

Please share with me any historic training courses which you have taken between the dates of October 1, 2009 and Sept. 30, 2010. (name of course, date?).

Ken, I remember a CPF-sponsored course in Berkeley,  
 Nori and Kaia, you went to a CPF-sponsored training in SF related to CEQA, please refresh my memory.  
 I need this ASAP.  
 Thanks!  
 Charles
