

REPORT

To the Honorable Mayor and City Council
From the City Manager

April 14, 2016

Subject

Monthly Investment Report for Period Ending March 31, 2016.

Background

The attached investment report indicates that on March 31, 2016 surplus funds (excluding cash with fiscal agents) from all sources in the amount of \$210,514,846.48 were invested producing an average yield of 0.922%. The target Fed Funds rate was 0.50% in March. The report represents all securities in which City funds, including all trust funds and agency funds, are invested (excluding deferred compensation plans). All of these investments are in compliance with the City policy, with the exception noted below.

Securities purchased in the month of March:

Investment Type	Date purchased	Par Amount	Interest Rate	Matures
Federal Home Loan Mortgage Corp	03/23/2016	\$ 3,000,000.00	1.000%	01/29/2018
Federal Home Loan Mortgage Corp	03/29/2016	\$ 3,000,000.00	1.000%	03/29/2018
Federal Home Loan Bank	03/29/2016	\$ 3,000,000.00	1.000%	03/29/2018

Securities matured, called, or sold in the month of March:

Investment Type	Date	Par Amount	Interest Rate
Federal Home Loan Bank	03/16/2016	\$ 3,000,000.00	1.250%
Federal Home Loan Bank	03/23/2016	\$ 3,000,000.00	1.275%
Federal Home Loan Mortgage Corp	03/28/2016	\$ 3,000,000.00	1.375%
Federal Home Loan Bank	03/29/2016	\$ 3,000,000.00	1.280%

The City's investment policy requires that approximately 50% of idle funds be placed in liquid investments (i.e., investments that can be sold for face value in the open market if needed), not more than 50% of idle funds be invested for more than one year, and not more than 25% of idle funds be invested for more than two years. Based on the City's current investments:

Investment Term	Policy Requirements	Actual
Liquid (minimum)	\$ 105,257,423.24	\$ 181,672,366.48
With maturity greater than one year (max)	\$ 105,257,423.24	\$ 142,130,470.00*
With maturity greater than two year (max)	\$ 52,628,711.62	\$ 35,093,070.00

**If held to maturity: currently, more than 50% of idle funds are invested in securities with a maturity date greater than one year. This is the result of three-year callable bonds, purchased due to their higher yield, being called early as interest rates change, thus restarting the term as these funds are reinvested.*

The investment brokers used to purchase securities for the City this month were Mischler Financial Group, and Morgan Stanley Smith Barney.

As of March 31st the City has sufficient liquid resources available to meet expenditure requirements for the next six months.

Starla Jerome-Robinson
Interim Director of Finance / Treasurer

Sylvia Bravo Peters
Management Analyst / Deputy Treasurer

c: Melissa Stevenson Diaz, City Manager

* Difference in value between Principal Amount and Market Value may be due to timing of purchase. Some of these investments may have been purchased when interest rates were low. Principal amount also indicates PAR (face) value and does not reflect whether investment was purchased at a discount or premium. As interest rates increase or decrease the value of the investment will decrease or increase accordingly. The City's investment intention is to hold the investments to maturity thereby receiving PAR value at maturity unless the City will realize a profit by liquidating the investment prior to maturity date.

(1) Denotes investments with a maturity greater than one (1) year.

(2) Market value obtained from the Principal Portfolio statement issued by Union Bank of California, Redwood City's third party administrator.

 \$181,672,366.48 Total investments that can be sold at face value in emergency

The following summarizes the City's investment policy liquidity and maturity requirements based on current surplus funds and the City's actual current standing:

- Policy:
- 1 Approximately 50% of idle funds will be placed in investments that can be sold at face value in event of emergency (liquid investments plus securities with market value at least equal to par value)
 - 2 Not more than 50% of idle funds shall be invested for more than one year (based on market value, maturity greater than one year)
 - 3 Not more than 25% of idle funds shall be invested for more than two years (based on market value, maturity greater than two years)

31 MAR 2016 result:	Policy Requirements Based on Current Investments	Actual Investments
