REDWOOD CITY, CA

WHAT IS THE BUSINESS COOPERATION PROGRAM?

This program is an opportunity for your company and the City to work together to redirect the 1% local sales tax from construction material purchases back to the City of Redwood City.

WHAT PROJECTS ARE ELIGIBLE?

Construction contracts with a value of \$5 million or more are eligible to register the job site to the City, but we encourage all contractors to purchase locally as well. You can contact HdL Companies for additional technical information.

**The Construction Industry:
Doing Your Part to Help Our
Great City One Project at a Time.**

Does it cost me anything to participate in the program?

No - You are already paying sales tax on the materials and items you are purchasing for your job site. Once you obtain the proper registration, you will be helping Redwood City get the full 1% percent of the local sales tax rather than only a pro-rata portion.

HOW DO I GET MY PROJECT REGISTERED?

The process is simple and the City is providing technical assistance if needed, to those who wish to participate.

Our Economic Development and Finance Team at the City or HdL Companies, the Sales & Use Tax Consultants for the City will be available to answer questions and assist with the process of obtaining the necessary registrations. Just contact us at one of the numbers or emails listed on the back.
